[Docket No. DEA-392]

ACTION: Notice of registration.

SUMMARY: Rhodes Technologies applied to be registered as an importer of certain basic classes of controlled substances. The DEA grants Rhodes Technologies registration as an importer of those controlled substances.

SUPPLEMENTARY INFORMATION:

By notice dated May 28, 2014, and published in the *Federal Register* on June 4, 2014, 79 FR 32317, Rhodes Technologies, 498 Washington Street, Coventry, Rhode Island 02816, applied to be registered as an importer of certain basic classes of controlled substances. Comments and requests for hearings on applications to import narcotic raw material are not appropriate. 72 FR 3417 (January 25, 2007).

The Drug Enforcement Administration (DEA) has considered the factors in 21 U.S.C. 823, 952(a) and 958(a) and determined that the registration of Rhodes Technologies to import the basic classes of controlled substances is consistent with the public interest and with United States obligations under international treaties, conventions, or protocols in effect on May 1, 1971. The DEA investigated the company's maintenance of effective controls against diversion by inspecting and testing the company's physical security systems, verified the company's compliance with state and local laws, and reviewed the company's background and history.

Therefore, pursuant to 21 U.S.C. 952(a) and 958(a), and in accordance with 21 CFR 1301.34, the above-named company is granted registration as an importer of the basic classes of narcotic or non-narcotic controlled substances listed:

<u>Controlled Substance</u>	<u>Schedule</u>
Opium, raw (9600)	II
Poppy Straw Concentrate (9670)	II

The company plans to import the listed controlled substances in order to bulk manufacture controlled substances in Active Pharmaceutical Ingredient (API) form. The company distributes the manufactured APIs in bulk to its customers.

Dated: August 11, 2014
